

With a couple of hours to bowl, your group may wish to try a different game or two.
The Novelty Bowl and Bingo Bowl are Easy and Fun!
No pre-arrangements for these games are necessary.

Novelty Bowling

- Frame 1: Bowl using the opposite hand than you usually use.
Frame 2: Stand at the Foul Line (facing away from the pins) and bowl backwards between your legs.
Frame 3: Bowl with your eyes closed.
Frame 4: Push the ball with your foot only (no kicking – it hurts!)
Frame 5: Bowl standing on ONE leg only.
Frame 6: Bowl on your hands and knees.
Frame 7: Regular Bowling (perhaps your only chance to get some points this game).
Frame 8: Take only one step before throwing the ball (its harder than you think).
Frame 9: Bowl using the opposite hand, while standing on ONE leg only.
Frame 10: Hold hands and bowl with a partner (only one person throws a ball though).

Bingo Bowling

Your goal is to blackout the bingo card before any other teams.
Bowlers take turns as a team to try to eliminate each item off the bingo card.
This game is already to go in our computer.
